

Niagara Falls - Water Facilities

Due to technical or physical access problems our meter readers were unable to obtain a water meter reading from the remote meter box located on the outside wall of your building. This department may be contacting you if we need to enter the building to complete a repair.

Without a meter reading your next water/sewer bill will be estimated and not based on an actual reading. To avoid an estimated bill you will have to read the water meter yourself and call the reading in to the Billing & Collections Office at 286-4360. You should do this as soon as possible after receiving this door tag.

All residential City water meters have a six position numeric display on the top of the meter as shown below.

Billing & Collections Office - 286-4360

Director of Water Facilities
