

NIAGARA FALLS WATER BOARD

REQUEST FOR PROPOSALS (“RFP”) NO. 2019-04

Redirect Outfall 003 from the Falls Street Tunnel to the Gorge Pump Station

ADDENDUM NO.: 1 (page 1 of 2)

DATE: 7/16/19

Include this Addendum as part of the Request for Proposals for the above project. It supplements portions of the original RFP, the extent of which shall remain, except as revised herein:

General:

The deadline for sealed proposal submission has been extended to **Monday, September 9, 2019 by 11:00 a.m. EST.**

A non-mandatory proposal information session will be conducted at the address below at 10:00 a.m. on Wednesday, July 31, 2019.

The deadline for receipt of written questions submitted to the authorized Water Board contact via email has been extended to **Wednesday, August 21, 2019 at 5:00 p.m.** A written response to questions will be issued before **August 28, 2019, by 5:00 p.m.**

AUTHORIZED WATER BOARD CONTACT:

Proposing firms are advised that the Water Board’s designated contact person for all matters concerning this Request for Proposals is:

Douglas S. Williamson, P.E.
Director of Technical & Regulatory Services
Niagara Falls Water Board
5815 Buffalo Avenue
Niagara Falls, New York 14304
(716) 283-9770 x 229
dwilliamson@NFWB.org

To receive updates regarding this RFP, email the authorized Water Board contact to ask to be placed on the distribution list for RFP No. 2019-04.

NIAGARA FALLS WATER BOARD

REQUEST FOR PROPOSALS (“RFP”) NO. 2019-04

Redirect Outfall 003 from the Falls Street Tunnel to the Gorge Pump Station

ADDENDUM NO.: 1 (page 2 of 2)

DATE: 7/16/19

PROPOSAL QUESTIONS:

Question 1: As per our previous conversation, can I request to receive a copy of the following:

1. Fall Street tunnel Sewer Discharge DWG (PDF is okay, AutoCAD is preferred)
2. Adam Tail Race Tunnel DWG ((PDF is okay, AutoCAD is preferred)
3. Gorge Pump Station & Discharge DWG (PDF is Okay, AutoCAD is Preferred)
4. AECOM Prepared report titled “Relocation of outfalls 001 and 003 Alternative Assessment (Consent Order Item 14)
5. Any other relevant documentation

Answer 1: The above requested information was e-mailed to engineering consultants placed on the distribution list for RFP No.2019-04 on Wednesday July 10th, 2019. The Adams Tail Race Tunnel drawing will not be necessary for this RFP because it is not included in the scope of work.

Interested firms that have not received the drawings and other documents distributed by email after the July 10, 2019 non-mandatory proposal information session are highly encouraged to email Doug Williamson to request these documents, as they are believed to be extremely useful in understanding the scope of work.

Question 2: I would like respectfully to request extension in submitting Proposal due date by 10-15 days from July 18th to first or 2nd week of August/ much later for August Board meeting rather than July 22nd.

Answer 2: The current deadline for sealed proposal submission is **Thursday, July 18, 2019 by 11:00 a.m. EST.** There will be a recess in August of 2019 and therefore there will be no Niagara Falls Water Board working session or regular session. We have received more than one request to extend the current deadline for the sealed proposal submission. After our Niagara Falls Water Board work session on Monday, July 15, 2019, it was mutually decided to extend the deadline for sealed proposal submission to **Monday, September 9, 2019 by 11:00 a.m. EST.**

END OF ADDENDUM NO. 1
