RFP Terms, Conditions, Requirements, and Required Forms	Appendix A

1. Introduction

The Niagara Falls Water Board (“NFWB”) and Niagara Falls Public Water Authority (“NFPWA”) are issuing this request for proposals (“RFP”) seeking proposals from qualified firms interested in serving as Consulting Engineer and/or Rate Consultant to the NFWB and the NFPWA. As discussed below, proposals may be to serve in one and/or both capacities.

2. Background and Scope of Work

The NFWB and NFPWA are public benefit corporations created in 2002 by a special act of the New York State Legislature. *See* N.Y. Public Auth. L. §§ 1230-a through 1231-b. The mission of the NFWB is to provide safe and reliable water and wastewater management services to our community in an economical and efficient manner. The NFWB purchased the water, wastewater, and stormwater system (“System”) serving the City of Niagara Falls from the City (a separate entity) in September 2003, using the proceeds of bonds issued by the NFPWA. The basic roles and functions of the entities are as follows:

The NFWB:

- Owns the System;
- Operates and maintains the System;
- Is responsible for System improvements;
- Sets rates and collects revenues;
- Pays debt service on bonds;
- Pays the Authority’s expenses; and
- Contracts various support services with outside vendors.

The NFPWA:

- Issues debt;
- Provides the proceeds of debt to finance the Water Board’s Capital Improvement Plan; and
- Provides oversight regarding the adequacy of revenues and system condition, particularly prior to agreeing to further bond issuances requested by the Water Board or the refunding of existing debt.

In connection with the NFWB’s purchase of the System, it entered into a Financing Agreement and an Operating Agreement with the NFPWA and City. The Operating Agreement has been amended on several occasions as the NFWB has determined to increase the number of operational services performed by its own staff rather than using City personnel as originally specified in the first version of the Operating Agreement. The NFPWA also has made certain covenants with holders of NFPWA bonds in its General Revenue Bond Resolution (since amended without material change to the relevant rate consultant and consulting engineer provisions). Copies of the current versions of these documents are available at <https://nfwb.org/reports/procurements/> or by emailing the Water Board’s designated contact person, and these documents are incorporated by reference as part of this RFP document.

Those firms submitting proposals covenant to perform the tasks and requirements set forth for the Rate Consultant and Consulting Engineer (as applicable) in the Financing Agreement, Operation Agreement, and General Revenue Bond Resolution (“Bond Resolution”) (together, the “Underlying Agreements”). For the convenience of potential proposers, the major requirements of the Underlying Agreements are summarized below along with the other services the NFWB requires, but to the extent the Underlying Agreements contain other or additional requirements, those requirements shall control. The purpose of this RFP is to retain a Consulting Engineer and a Rate Consultant as required by the Underlying Agreements.

A. Common Requirements for Rate Consultant and Consulting Engineer

The Rate Consultant and the Consulting Engineer agree by submitting a proposal in response to this RFP to work with any firm selected to perform the other role without reservation, collaboratively, and without withholding any information obtained or generated relative to the NFWB or NFPWA (including underlying assumptions or formulas used) on the grounds that such information is a trade secret or otherwise proprietary to the firm. Each agrees to meet and confer as needed by either party to accomplish their required tasks, and to respond promptly and completely to requests for consultation or information by the NFWB or each other. Each shall provide such reports and certifications as are required by the Underlying Documents or which are usual and customary for firms performing such roles and which are requested by the NFWB or NFPWA.

In rendering any report, certificate, or opinion required pursuant to this RFP, the Consulting Engineer and the Rate Consultant may rely upon information, certificates, opinions or reports required to be provided by the other, and upon other sources which they consider reliable, and other considerations and assumptions as deemed appropriate by them. The NFWB and NFPWA will provide the Consulting Engineer and the Rate Consultant at all times with free access to all properties of the System and every part thereof and the records, maps, diagrams and other drawings thereof for the purposes of inspection and examination, and their books, records and accounts may be examined by the Consulting Engineer and the Rate Consultant at all reasonable times.

B. Rate Consultant

As is relevant here, the NFPWA and NFWB are required to retain the services of a Rate Consultant, defined in the Underlying Agreements as an “independent accountant or firm of independent accountants, or management consultant or firm of management consultants, or independent engineer or firm of independent engineers (which may be the same firm then serving as the Consulting Engineer), selected by the Board in consultation with the Authority.” The Bond Resolution (Section 9.9) requires that the Rate Consultant have “a nationwide and favorable repute for skill and experience in such work” **Because certain provisions of the Bond Resolution (e.g. Section 3.2) require certificates from an Accountant,**

defined as an independent CPA or accounting firm, preference may be given to proposers who meet this definition or who have a subcontractor meeting this definition in order to provide the required certificates without requiring the NFWB or NFPWA to engage the services of another firm. The Rate Consultant's principal tasks shall be as follows:

Rate Consultant Task 1 – Operating Budget and Rate-Setting

Each Fall, the Rate Consultant shall review the proposed annual operating budget, proposed adjustments to water rates and sewer rates, and the NFWB's five-year capital improvement plan ("CIP") for the upcoming year as prepared by the staff of the NFWB. The Rate Consultant then shall provide a written opinion to the NFWB and the NFPWA regarding: 1) the adequacy of the proposed rates and charges and other sources of revenue to meet the required debt service coverage requirement; 2) after considering the opinion or report of the Consulting Engineer, the adequacy of the proposed operation and maintenance budget to provide sufficient operation and maintenance of the NFWB's assets; and 3) after considering the opinion or report of the Consulting Engineer, the reasonableness of the proposed CIP to maintain the assets of the NFWB in reasonable working order and to meet regulatory requirements. A representative of the Rate Consultant's firm shall assist the NFWB by presenting its findings and other related information at a meeting during which the NFWB is considering its proposed budget and water and sewer rates. The firm shall carry out all analytical steps necessary to present its findings as described above. The firm shall also develop and update a detailed five-year budget forecast to anticipate future rate changes and assure the NFWB's capital investment strategies are achievable.

Rate Consultant Task 2 – Financial Services during the Fiscal Year

The Rate Consultant shall provide oversight for the cash flows of the NFWB's system throughout each fiscal year of the agreement. Such oversight shall include, but not be limited to the following: reviewing reports of cash receipts and disbursements provided by the NFWB; updating cash flow and debt service coverage projections for each fiscal year on a quarterly basis (if material changes have occurred); advising NFWB representatives regarding the ability of the NFWB to meet its debt service coverage obligations for the fiscal year; reviewing the adequacy of moneys in the various funds maintained by the NFPWA and the NFWB including the reserve funds and the construction fund; and consulting with NFWB representatives including the financial advisor throughout the year on matters relating to the cash flows of the System.

Rate Consultant Task 3 – CIP Development Support

The Rate Consultant shall provide rate and revenue projections as may be required by the NFWB or Consulting Engineer in determining the monies potentially available to fund the NFWB's five-year Capital Improvement Plan (CIP).

Rate Consultant Task 4 – Services Related to Financing – Preparation of a Feasibility Report for the Issuance of Bonds / Rate Covenant Certification

In each fiscal year in which the NFPWA issues bonds, the Rate Consultant shall prepare a feasibility report for inclusion in the Official Statement for the issuance of bonds. The report shall be similar in structure and content to the reports presented in the previous Official Statements of the NFPWA. In appropriate cases, the Rate Consultant will provide a rate covenant certification. NFWB staff currently are examining refinancing the NFPWA Series 2013A bonds in late 2021, and it is anticipated that there will be a bond issuance in 2022. The Rate Consultant shall assist the NFWB and NFPWA financial advisor and bond counsel as needed in connection with finance transactions.

Rate Consultant Task 5 – Continuing Disclosure Report

In each fiscal year in which the NFPWA does not issue bonds during the period of January 1st to June 30th, the Rate Consultant shall prepare a Continuing Disclosure Report which presents updated information, where available, in the format presented in the Feasibility Report from the previous bond issue. The intent is not to prepare a complete or new Feasibility Report but rather to provide only information in text and table form to update the findings of the previous Feasibility Report. Recent Continuing Disclosure Reports are available to review at <https://nfwb.org/reports/financial/>.

C. Consulting Engineer

The Underlying Agreements define Consulting Engineer as “an independent engineer or firm of engineers of recognized standing selected by the Authority in consultation with the Board.” The Bond Resolution (Section 9.8) requires that the Consulting Engineer have “a nationwide and favorable repute for skill and experience in such work”

Consulting Engineer Task 1 – Capital Improvement Plan and Operating Budget Assistance

The Consulting Engineer shall assist NFWB staff in developing a five-year CIP for Board approval, and shall provide guidance to NFWB staff in developing a longer-horizon list of potential projects. The CIP shall include the projects required to maintain the System in good working order, to meet regulatory requirements, and to enhance or make more efficient the services delivered by the NFWB. The role of the Consulting Engineer under this Task 1 shall be more expansive than the role played by the Consulting Engineer in CIP development in recent years, as the NFWB has identified a need for a detailed and comprehensive plan in order to determine its future financing requirements. A copy of the current draft five-year CIP is available at: <https://nfwb.org/reports/procurements/>.

NFWB staff shall have ultimate responsibility for preparing the CIP, but the Consulting Engineer will assist NFWB staff in developing a comprehensive list of capital needs for all areas of the System and then shall provide guidance on priority and the potential cost/benefit ratio for such potential projects. In order to ensure a comprehensive assessment of the System's capital needs, the Consulting Engineer may suggest other capital projects not identified by the NFWB staff. To accomplish this task, the Consulting Engineer shall be expected to organize meetings with NFWB staff in all departments, obtain first-hand knowledge of the NFWB's system and assets, and review existing draft CIP items. The Consulting Engineer shall take an active role in managing the development of the CIP and providing guidance to NFWB staff in the creation and preparation of the CIP. The consulting engineer shall review or when needed prepare, estimated costs for projects, and shall assist the NFWB or its grant consultant in identifying potential projects for grant applications.

The Consulting Engineer also shall review the operation and maintenance budget prepared by NFWB staff each fall in order to prepare an opinion or report that will be provided to the Rate Consultant and NFWB, on the adequacy of the proposed budget to provide sufficient operation and maintenance of the NFWB's assets.

Consulting Engineer Task 2 – Engineering Services During the Term

In addition to the firm's role in Task 1, the firm may be called upon from time to time for its opinion and advice on technical matters relating to specific projects or strategies of the NFWB. Such services shall be provided on an hourly rate basis only as requested by the NFWB. The Consulting Engineer may be requested to review and approve payments for projects costing in aggregate more than \$5 million prior to the release of funds for such projects by the NFWB's Trustee. A certificate from the Consulting Engineer may also be required for certain sales, leases, or other disposals of property by the NFWB (no such disposals currently are planned). An allowance of \$10,000 must be included for this Task in all Consulting Engineer proposals.

Consulting Engineer Task 3 – Services Related to Financing – Assistance to Rate Consultant, Certificates Regarding Projects and Operating Expenses

The Consulting Engineer shall provide such information, opinions, and reports as may be requested by the Rate Consultant in connection any preparation of Feasibility Reports and/or Continuing Disclosure Reports as required by bond covenants or finance transactions. It shall provide certificates, if required in connection with financing transactions, setting forth its opinions on the usefulness, costs, and estimated date of completion for projects to be constructed with debt, and estimates of future operating expenses for such projects when required.

3. Additional Requirements

Proposers also must include in the statement of qualifications (see Appendix A):

1. Disclosure of any potential conflict of interest your firm may have or encounter if selected, and your firm's plan for resolving the conflict.
2. A statement demonstrating proposer's experience performing each task outlined above for the type of service being proposed.
3. If proposer intends to use subcontractors or sub-consultants to perform more than 10% of the work that is the subject of this RFP, proposer must include details regarding the sub-consultant or subcontractor's identity and qualifications. At a minimum, the proposal must include information regarding the sub-consultant or subcontractor's business structure, experience, and resumes or other materials detailing the qualifications and contact information for key personnel and demonstrating prior experience with the scope work to be performed.

4. Timetable and Term

The timetable for proposal submission, a non-mandatory pre-proposal meeting, and for submission of written questions is set forth on the cover page for this RFP. A list of proposals received by the deadline will be posted to the NFWB's website at <https://nfwb.org/reports/procurements/>.

It is anticipated that evaluation of proposals will be completed in September 2021, and that submission of a recommendation to award to the Board of Directors will be at the Water Board's September 27, 2021 meeting. Proposing firms should be prepared to offer a presentation to the Board of Directors at their September 27 meeting, or at a special meeting to be called for the purpose of interviewing the proposing firms. The NFWB reserves the right to change any dates and deadlines at its sole discretion.

Proposing Rate Consultants must be prepared to begin work immediately, and to provide the rate analysis and budget projections called for in Rate Consultant Task 1, above, as early as October 15, 2021 if NFWB staff have prepared a preliminary budget by September 30. The Consulting Engineer should be prepared to promptly review the proposed operating budget to offer an opinion on its adequacy to operate and to maintain the System in 2022, and should begin consulting on CIP development immediately, with the goal of helping NFWB staff to complete and present an updated draft five-year CIP within 90 days.

Subject to the terms and conditions set forth in appendix to this RFP, the initial term of the engagement shall be from the date of award through May 31, 2022. Optional renewal terms shall be for one year (June 1 to May 31).

5. Opportunities for Minority and Women-Owned Business Enterprises

This project calls for procurement of specialized professional services to be performed by the prime firm with no or limited subcontracting. Following a review of New York State Minority and Women Owned Business Enterprises (“MWBE”) Directory, the NFWB secured a pre-RFP waiver of the MWBE requirements that normally would apply to this procurement. Therefore, there is a **0% MWBE** utilization goal is assigned to this procurement.

Even though a 0% goal has been assigned, offering subcontracting opportunities to NYS certified MWBE firms is highly encouraged and MWBE participation may be given some consideration in evaluating proposals. If proposer will use any MWBE firms, please be sure to note this in the proposal, including the name of the firm and the anticipated dollar amount of the MWBE participation.

6. Participation Opportunities for New York Certified Service-Disabled Veteran-Owned Businesses

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses (“SDVOBs”), thereby further integrating such businesses into New York State’s economy. The NFWB recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of NFWB contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Bidders/Contractors are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

For purposes of this procurement, NFWB conducted a comprehensive search and determined that the Contract does not offer sufficient opportunities to set specific goals for participation by SDVOBs as subcontractors, service providers, and suppliers to Contractor. Nevertheless, Bidder/Contractor is encouraged to make good faith efforts to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials. The directory of New York State Certified SDVOBs can be viewed at: <https://ogs.ny.gov/veterans/>

Bidder/Contractor is encouraged to contact the Office of General Services’ Division of Service-Disabled Veteran’s Business Development at 518-474-2015 or VeteransDevelopment@ogs.ny.gov to discuss methods of maximizing participation by SDVOBs on the Contract.

7. Cost Proposal

Proposals must include, on a clearly-marked page of the proposal, proposers' cost to perform the services required by this RFP on an hourly basis with an estimated number of hours and estimated fee for each task; proposers shall not exceed the estimated fee without prior written authorization from the NFWB. Qualified engineering firms proposing for both Consulting Engineer and for Rate Consultant must provide separate fees for each service, as the NFWB and NFPWA reserve the right to retain separate firms for each scope. Firms proposing for both services may provide an alternate discount price for such retention. Proposed hourly rates and estimated fees per task shall be provided for the initial term (date of award through May 31, 2022) and for three optional one-year renewal terms.

It is anticipated that after the initial term the CIP portion of Consulting Engineer's Task 1 shall require substantially fewer hours than shall be required in the initial term. Consulting Engineer proposals must include the \$10,000 allowance required for Consulting Engineer Task 2, and must set forth the hourly rates that apply to that Task.

8. RFP Updates

The NFWB may, in its sole discretion, withdraw or modify this RFP in whole or in part, and may issue addenda in writing. The NFWB will use its best efforts to post updates to: <https://nfwb.org/reports/procurements/>. However, **to be certain to receive timely updates regarding this RFP, you must email the authorized NFWB contact to ask to be placed on the distribution list for RFP No. 2021-02.**

9. Evaluation Criteria

Proposals shall be examined and evaluated to determine whether the proposals meet the requirements of this RFP. The contract will be awarded based on the following criteria:

1. Situational understanding;
2. Demonstrated experience, capabilities, and qualifications;
3. Completeness of the proposal; and
4. Total proposed cost.

Proposing firms may be invited to present to the Water Board or to NFWB staff and will be expected to provide prompt responses to questions and inquiries submitted through the designated NFWB contact.

RFP DATED: September 2, 2021

APPENDIX A

NFWB REQUEST FOR PROPOSALS (“RFP”) TERMS, CONDITIONS, AND REQUIREMENTS

Except as otherwise may be agreed to in writing, the following terms, conditions, and requirements shall form a part of any contract between the Niagara Falls Water Board and a proposer that responds to the Request for Proposals (“RFP”):

A. Statement of Qualifications and Key Personnel

Proposers must submit a statement of qualifications that includes the following:

1. Business structure;
2. Years in business;
3. Any other names under which proposer has done business in the past 10 years;
4. List all subsidiary and parent companies;
5. List proposer’s physical locations and the type of each location (i.e. regional headquarters, primary office, warehouse, etc.);
6. State whether proposer ever has been:
 - Debarred or suspended by any government entity from entering contracts with it;
 - Found not responsible by any government entity;
 - Declared in default or terminated for cause from any contract, or had any contract cancelled for cause; or
 - Required to pay liquidated damages on a contract.
7. State whether proposer has filed for bankruptcy or been the subject of an involuntary bankruptcy proceeding;
8. State whether proposer has been a party to any legal action or government investigation related to proposer’s business practices, or alleging that any of proposer’s agents or employees committed any act of fraud, collusion, bid rigging, price fixing, or bribery. If proposer, any of proposer’s principals, or any of proposer’s agents has pleaded guilty or entered into a consent order with respect allegations of any of these, provide details;
9. Licensing, if relevant to the work required by the contract;
10. Describe proposer’s experience with providing similar services to those required by the contract along with project descriptions (including contact information for references);
11. Resumes covering the qualifications and contact information of key personnel for this contract, including the number of accounts/clients served and their principal business location, **noting any key personnel who are not W-2 employees of, or partners in, the bidding entity**; and
12. Any other pertinent information that will help to demonstrate proposer’s qualifications to perform.

The selected proposer will be required to commit the key personnel named in the statement of qualifications to the Water Board’s project throughout the period of the agreement. No diversion or substitution of key personnel will be allowed without submission of a written request with the qualifications and experience of the proposed replacement, and the Executive Director’s agreement in writing to the substitution.

If the Water Board determines that the legal authority, integrity, experience, ability, prior performance, organization, financial capacity and/or facilities of proposer are not satisfactory, the Water Board may reject the proposal or terminate the contract.

B. Insurance

Proposer shall be required to procure and maintain at its own expense and without expense to the Niagara Falls Water Board, insurance for liability for damages imposed by law, of the kinds and amounts hereinafter provided, from insurance companies authorized to do business in the State of New York covering all operations under any contract that results from this RFP, whether performed by the proposer or its subcontractors. Before proceeding with any work under the contract that may result from this proposal, the successful proposer shall furnish to the Niagara Falls Water Board Certificate of Insurance form(s) and relevant insurance policy declarations and endorsements satisfactory to the Water Board exhibiting compliance with this paragraph and providing that the policies shall not be changed or canceled until thirty (30) days written notice has been given to the Niagara Falls Water Board. The types and limits of insurance shall be as follows:

1. Workers Compensation as required by Law (submit Form C-105.2);
2. Disability Benefits as required by Law (submit Form DB-120.1);
3. Employer's Liability with a minimum limit of \$100,000;
4. Commercial General Liability insurance: Bodily, Personal Injury, and Property Damage Liability limits each of at least \$1,000,000 per occurrence/\$2,000,000 aggregate, which shall include the following coverages:
 - a. Owner's Protective Liability
 - b. Premises – Operations
 - c. Broad Form Contractual
 - d. Independent Contractor and Sub-Contractor
 - e. Products and Completed Operations
5. Automobile Liability: \$1,000,000 single limit; and
6. Umbrella/Excess Liability: A minimum of \$5,000,000 on a per occurrence and aggregate basis; this shall be in excess of primary general, automobile and employer's liability limits.
7. Professional Liability/Errors and Omissions: \$2,000,000 (identified as a claim made or an occurrence policy) (required only if professional services are to be performed pursuant to the contract).

Certificates, declarations, and endorsements should be made to the Niagara Falls Water Board, 5815 Buffalo Avenue, Niagara Falls, NY 14304.

The Niagara Falls Water Board, the Niagara Falls Public Water Authority, and the City of Niagara Falls, New York shall be named as an Additional Insureds, for both Ongoing and Completed Operations on a primary and non-contributory basis, on the Liability (General Liability, Auto Liability and Excess Liability) Policies (except for professional liability) with the following provision: The insurance company or companies issuing the policies shall have no recourse against the Niagara Falls Water Board or the Niagara Falls Public Water Authority for payment of any premiums or for assessments under any form of policy.

In the event that the proposer requires any subcontractor to procure insurance with regard to any of the operations under the contract resulting from this RFP and requires

such subcontractor to name the proposer as an additional insured under such insurance, the proposer shall ensure that such policy names the Water Board, Niagara Falls Public Water Authority, and their officers and employees as additional insureds.

C. Indemnification and Waiver of Subrogation

The successful proposer, to the full extent permissible by New York law, must agree to indemnify and hold the Niagara Falls Water Board, its Directors, Officers, and Employees harmless against all loss, cost, or damage, on account of injury to person or damage to property as a result of any action or inaction of the proposer or its representatives or agents or subcontractors in performance of the contract resulting from this RFP and against all fines, penalties any other losses which the Niagara Falls Water Board shall be obliged to pay or incur in connection with the performance of the work under the contract.

The successful proposer also must agree to waive all rights against the Water Board, including its officials and employees, for any damages or losses that are covered under any insurance required by this appendix or in the resulting contract, or any other insurance applicable to the operations of the proposer and/or its subcontractors in the performance of the contract.

D. Independent Contractor and Identification of Subcontractors

The successful proposer and its employees will operate as an independent contractor and are not considered Water Board employees. Proposer must identify its subcontractors, if any, in its proposal, but award of a contract shall not create any relationship between the subcontractors and Water Board, and proposer shall be responsible for the entire contract. The Water Board shall have the right to reject any proposed subcontractors.

E. Successors and Assigns

Any contract resulting from this RFP shall inure to the benefit of and be binding upon the legal representatives and successors of the parties, respectively, but the successful proposer may not assign the contract without the Water Board's written permission.

F. Exemption from Sales Tax

The Water Board is exempt from state and local fees, taxes, franchise taxes, sales taxes, or other excise taxes. Proposals shall not include any such taxes or fees.

G. Freedom of Information Law – Claim of Confidential, Proprietary, or Trade Secret Information

The Water Board is subject to the provisions of the Freedom of Information Law ("FOIL"), N.Y. Public Officers Law, Sections 84 through 90, relating to public access to agency records. The proposer shall specifically identify any portions of the documents submitted with the proposal deemed to be confidential, proprietary information, or trade secrets and provide any justification why such material, upon request, should not be disclosed by the Water Board. The top of each page containing such information must be clearly marked in bold type **"PROPOSER BELIEVES THAT THIS INFORMATION IS PROTECTED FROM**

DISCLOSURE UNDER THE STATE FREEDOM OF INFORMATION LAW.” Such information deemed by the proposer to be confidential/proprietary shall be easily separable from the non-confidential/non-proprietary sections of the proposal.

The Water Board accepts no responsibility for disclosure of information designated as exempt from disclosure, but the Board does intend to evaluate, on a case-by-case basis, whether exemption from disclosure applies when a FOIL request is made to the Water Board for examination of such a document. Proposers should be aware that any and all terms of their respective proposals may be the subject of discussion at Board of Directors meetings that are open to the public.

H. General Conditions of RFP

The issuance of this RFP does not commit the Water Board to award a contract to the proposer offering the lowest costs or to award any contract at all. Those submitting Proposals do so entirely at their expense. There is no expressed or implied obligation by the Water Board to reimburse any firm or individual for any costs incurred in preparing or submitting Proposals, preparing or submitting additional information requested by the Water Board, or participating in any selection interviews. In addition, the Water Board reserves the following rights:

1. To postpone or cancel this RFP;
2. Reject any or all proposals received in response to this RFP;
3. Award a contract without any discussion with proposers;
4. Retain a successful proposer for only a portion of the scope of services;
5. Accept a proposal other than the proposal offering the lowest price;
6. Waive or modify any irregularities in proposals received;
7. Consider proposals or modifications received at any time before the award is made, if such is in the best interest of the Board;
8. Request clarification and/or additional information from the proposers during the evaluation process; and
9. Utilize any and all ideas submitted in the proposals received, unless those ideas are covered by legal patent or proprietary rights and the patent or proprietary rights are clearly and specifically set forth in the proposal.

I. Proposal Firm and Irrevocable for 90 Days

A signed proposal shall be considered a firm offer on the part of the proposer, and the Water Board may insist on the strict performance of all elements of the proposal, unless the Water Board specifically waives a proposal element in writing during negotiations. By submitting a proposal, proposer agrees that its offer is firm for a period of 90 days from the deadline for proposal submissions, as may be amended or extended by way of an addendum to this RFP.

J. Oral Presentations or Interviews

Prior to award, one or more proposers may, in the sole discretion of the Niagara Falls Water Board, be invited to offer a presentation to Water Board staff and/or to the Board of Directors. The authorized Water Board contact will schedule the time and location of these presentations.

K. Contract Negotiations; Non-Exclusive Right to Perform Services

Upon selection, the successful proposer may be invited to negotiate a contract with the Water Board, though the Water Board reserves the right to award a contract on the basis of the initial offers received, without discussions. Therefore, each initial offer should contain the proposer's best terms from a technical and cost standpoint.

The Water Board reserves the right to enter into discussions/negotiations with one or more proposers and to request the submission of best and final offers from those proposers, who after the conclusion of such discussions/negotiations, still are under consideration for award. No proposer shall have any rights against the Water Board arising from an invitation to enter into discussions/negotiations or to submit a best and final offer.

Unless otherwise agreed, the contents of the selected proposal and any modifications agreed upon in writing during negotiations, together with the RFP, will be incorporated into and made part of the final contract. The contract will be deemed to include such additional terms and conditions which may be required by law. Should negotiations fail to result in a signed contract within a reasonable period of time as defined by the Water Board, the Water Board reserves the right to terminate negotiations and select another proposer, issue a new RFP, or take any other action consistent with the best interests of the Water Board.

The contract awarded shall be on a non-exclusive basis unless otherwise agreed. The Water Board retains the right to utilize other vendors that provided the same or similar services for particular projects when, in its sole discretion, such use is in the best interests of the Water Board or required as a result of a potential conflict of interest between the interest of the awardee and the Water Board.

L. Exceptions to RFP

The contract to be entered into shall include the requirements of this RFP among its terms and conditions, with such changes to which the Water Board may agree. Submission of a proposal constitutes consent to these terms and conditions. Any exceptions must be explicitly stated in the proposal and separately listed in a separate attachment to the body of the proposal entitled "Exceptions." Failure to list exceptions separately in the "Exceptions" attachment shall be deemed to constitute consent to all such terms and conditions herein and shall constitute a binding waiver by the proposer of all exceptions not listed. A general exception or reservation to the legal or technical terms and conditions shall be deemed a nullity and may also result in the Water Board rejecting the proposal as non-responsive.

M. Rely Only Upon Formal Information

1. The Water Board shall not be bound by any oral or written information released prior to the issuance of the RFP.
2. The Water Board shall not be bound by any oral or written representations, statements, or explanations other than those made herein, in Water Board written responses to proposer inquiries, or in formal written addenda to this RFP.

N. Questions Regarding the RFP

1. All inquiries regarding this RFP shall be emailed to the authorized Water Board contact by the date and time indicated on the cover page of this RFP. The subject line for such inquiries should indicate the RFP name and number.
2. Compiled questions and responses usually will be posted on the Water Board's website at <https://nfwb.org/reports/procurements/> on or after the date indicated on the cover page of the RFP, but to receive these responses as early as possible, you must email the authorized Water Board contact to ask to be placed on the distribution list for this RFP.

O. Addenda to the RFP

1. The Water Board shall issue responses to inquiries related to substantive issues and any other corrections or amendments to the RFP that it deems necessary prior to the proposal due date in the form of written addenda. Such addenda usually will be posted on the Board's website: <https://nfwb.org/reports/procurements/>, and the Water Board will use its best efforts to send copies to those who have asked to be placed on the distribution list for this RFP.
2. It is the proposer's responsibility to assure receipt of all addenda. The proposer should verify with the authorized Water Board contact prior to submitting a proposal that all addenda have been received. Proposers shall acknowledge the number of addenda received as part of their proposals using this Appendix's Form No. 1.

P. Proposal Package Submission Requirements

1. **See special instructions on the cover page of this RFP.**
2. Proposal packages are due on or before the proposal due date and time at the location set forth on the cover page of this RFP.
3. If a sealed proposal is submitted, only one original copy of each of the appendices requiring a signature is required, which may be submitted only as part of the paper original proposal and need not be included in the electronic copy of the proposal.
4. The sealed outer envelope enclosing any materials submitted in response to this RFP shall be addressed to the Water Board contact set forth on the cover page of this RFP. The outer envelope containing the proposal materials must clearly indicate the

proposer's name and address, and must clearly be marked with the RFP number and title from the cover page of the RFP.

5. Proposals may be hand delivered. Proposers shall be responsible for informing any commercial delivery service, if used, of all delivery requirements and for ensuring that the information required in item "4" above, appears on the outer envelope used by such service.

Q. Non-Discrimination and Prohibition Against Sexual Harassment

To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the proposer will not discriminate against any employee or applicant for employment because of race, creed, color, sex, national origin, sexual orientation, age, disability, or marital status. By submitting a proposal, proposer agrees that it shall submit an Equal Employment Opportunity ("EEO") Policy Statement to the Water Board containing at a minimum the terms therefore as set forth in this Appendix's Form No. 4.

By submission of this proposal, each proposer and each person signing on behalf of any proposer certifies, and in the case of a joint proposal each party thereto certifies as to its own organization, under penalty of perjury, that the proposer has and has implemented a written policy addressing sexual harassment prevention in the workplace and provides annual sexual harassment prevention training to all of its employees. Such policy shall, at a minimum, meet the requirements of section two hundred one-g of the labor law. The proposal must include the Statement on Sexual Harassment form at this Appendix's Form No. 5.

R. Iran Divestment Act

By submitting a proposal in connection with this RFP or by assuming the responsibility of a contract awarded hereunder, proposer certifies in accordance with State Finance Law §165-a that it is not on the "Entities Determined to be Non-Responsive Bidders/Offerors pursuant to the New York State Iran Divestment Act of 2012" ("Prohibited Entities List") posted at: <http://www.ogs.ny.gov/about/regs/docs/ListofEntities.pdf>. Proposer further certifies that it will not utilize in connection this contract any subcontractor that is identified on the Prohibited Entities List.

S. International Boycott Prohibition

In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, that by submitting a proposal or by assuming the responsibility of a contract awarded hereunder, proposer agrees, as a material condition, that neither the proposer nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.)

or regulations thereunder. If proposer, or any of the aforesaid affiliates of proposer, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the proposer's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The proposer shall so notify the State Comptroller within five (5) business days of such conviction, determination, or disposition of appeal (2 NYCRR 105.4).

T. MacBride Fair Employment Principles

In accordance with the MacBride Fair Employment Principles (Chapter 807 of the Laws of 1992), by submitting a proposal or by assuming the responsibility of a contract awarded hereunder the proposer hereby stipulates that the proposer either (a) has no business operations in Northern Ireland, or (b) shall take lawful steps in good faith to conduct any business operations in Northern Ireland in accordance with the MacBride Fair Employment Principles (as described in Section 165 of the New York State Finance Law), and shall permit independent monitoring of compliance with such principles.

U. Conflicts of Interest and Prohibition on Political and Religious Activity

By submitting a proposal or by assuming the responsibility of a contract awarded hereunder, proposer stipulates that, upon information and belief, no member of the governing body of the Water Board, or officer or employee of the Water Board, forbidden by Law, is interested in, will derive benefit from, or will be a party to, the contract between proposer and the Water Board. Proposer warrants that no payment, gift, or thing of value has been or will be made, given, or promised any Director, Officer, or Employee of the Water Board, or any member of the immediate family of any Director, Officer, or Employee of the Water Board (spouse, parent, sister, brother, or child) to obtain this or any other agreement between the parties. Proposer agrees that its provision of services under any contract that may result from this RFP shall not include any partisan political activity or any activity to further the election or defeat of any candidate for public, political, or party office, nor shall any of the funds provided under any contract that may result from this RFP be used for such purposes. The proposer further agrees that if awarded an agreement as a result of this RFP, there shall be no religious worship, instruction, or proselytizing as part of or in connection with the proposer's provision of services under that contract, nor shall any of the funds provided under this agreement be used for such purposes.

V. Non-Collusion

Proposer must submit a signed statement of non-collusion on the form that is this Appendix's Form No. 2.

W. Communication with Water Board and Lobbying Law

Proposers are advised that, from the date this RFP is issued until the award of the contract, no contact by proposers or their agents with the Water Board or Water Board personnel related to this RFP is permitted, except as shall be authorized by the authorized Water Board contact indicated on the cover page of this RFP.

Pursuant to State Finance Law Sections 139-j and 139-k, this RFP includes and imposes certain restrictions on communication between respondents and the Water Board during the procurement process. A respondent is restricted from making contacts from the date the RFP is issued through the final contract award by Water Board (the "Restricted Period"). During the Restricted Period, respondents may only contact the designated contact regarding this RFP. The designated contact is identified on the cover page of this RFP. Respondents are responsible for complying with State Finance Law Sections 139-j and 139-k. Directors, officers, and employees of the Water Board are required to record certain information when contacted during the Restricted Period. A review of whether such contacts were permissible contacts will be considered in connection with any determination of responsibility of the respondent. Failure of any respondent to timely certify or to disclose accurate and complete information or the submission of any intentionally false or intentionally incomplete certification may result in the rejection of the contract award or if such contract has been executed, then the immediate termination of the contract. Violations may result in debarment of the respondent from proposing on or obtaining governmental procurement contracts in the State of New York.

Proposers are required to complete and return with their proposal this Appendix's Form No. 3, New York State Finance Law Sections 139-j and 139-k ("Lobbying Law") – Disclosure Statement.

X. Records.

The proposer shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under the contract (hereinafter, collectively, "the Records"). The Records must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the Water Board and its representatives, shall have access to the Records during normal business hours at an office of the proposer within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The Water Board shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the proposer shall timely inform an appropriate Water Board official, in writing, that said Records should not be disclosed; and (ii) said Records shall be sufficiently identified; and (iii) designation of said Records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the Water Board's right to discovery in any pending or future litigation.

Y. Compliance with Breach Notification and Data Security Laws

Proposer shall comply with the provisions of the New York State Information Security Breach and Notification laws, General Business Law §§ 899-aa and 899-bb and State Technology Law § 208.

Z. Workforce Reporting

If the annual amount of the contract exceeds \$25,000, pursuant to New York Executive Law and Executive Order Number 162 proposer and any of its subcontractors shall submit a quarterly Workforce Employment Utilization Report in the format provided by the Water Board reflecting the entirety of proposer and its subcontractors' workforces performing work on this contract and located within New York State, as well as the salaries of any such employees.

AA. Termination

1. For Cause: For a material breach that remains uncured for more than thirty (30) days or other specified period after written notice to the proposer, the contract may be terminated by the Water Board at the proposer's expense where proposer becomes unable or incapable of performing, or meeting any requirements or qualifications set forth in the contract, or for nonperformance, or upon a determination that proposer is nonresponsible. Such termination shall be upon written notice to the proposer. In such event, the Water Board may complete the contractual requirements in any manner it may deem advisable and pursue available legal or equitable remedies for breach.
2. For Convenience: By written notice, this contract may be terminated at any time by the Water Board for convenience upon thirty (30) days written notice and without penalty or other early termination charges due. Such termination of the contract shall not affect proposer's right to recover for any work performed or materials acquired under the contract prior to the date of such termination, provided that proposer cancels, prior to the effective date of the termination, as many outstanding obligations as possible and agrees not to incur any new obligations after receipt of the notice of termination without approval by the Water Board. If the contract is terminated pursuant to this subdivision, the Water Board shall remain liable for all accrued but unpaid charges incurred through the date of the termination. Proposer shall use due diligence and provide any outstanding deliverables.
3. For Violation of the Sections 139-j and 139-k of the State Finance Law: The Water Board reserves the right to terminate the contract in the event it is found that the certification filed by the proposer in accordance with Section 139-k of the State Finance Law was intentionally false or intentionally incomplete. Upon such finding, the Water Board may exercise its termination right by providing written notification to the proposer.

BB. Governing Law and Venue

These terms and conditions and the contract shall be governed by the laws of the State of New York. Each of the parties to these terms and conditions and the contract submits to the exclusive jurisdiction and venue of the State and Federal courts located in Niagara County, New York, or if the required Federal courts are not located in Niagara County, to the Federal courts located in Erie County, New York.

CC. Service of Process and Notices

In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), proposer hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon proposer's actual receipt of process or upon the Water Board's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Proposer must promptly notify the Water Board, in writing, of each and every change of address to which service of process can be made. Service by the Water Board to the last known address shall be sufficient. Proposer will have thirty (30) calendar days after service hereunder is complete in which to respond. A copy of all notices to the Water Board shall be provided to: Legal Department, Niagara Fall Water Board, 5815 Buffalo Avenue, Niagara Falls, NY 14304.

DD. No Waiver of Rights

No failure or delay (in whole or in part) on the part of either party hereto to exercise any right or remedy hereunder shall impair its ability to later exercise any such right or remedy, operate as a waiver thereof, or affect any other rights or remedies that may be available under the law or in equity, except to the extent it causes actual prejudice to the other party. No waiver by either party of any covenant, condition, term or provision of the contract shall be deemed to have been made by that party unless such waiver is in writing and signed by an authorized representative of the party.

NEW YORK STATE FINANCE LAW SECTIONS 139-j AND 139-k (“LOBBYING LAW”) – DISCLOSURE STATEMENT

RFP NO. 2021-02, SEPARATE OR COMBINED PROPOSALS FOR CONSULTING ENGINEER AND RATE CONSULTANT SERVICES

General Information

All procurements by the Niagara Falls Water Board (“NFWB”) in excess of \$15,000 annually, are subject to New York State’s State Finance Law Sections 139-j and 139-k, effective January 1, 2006 (“Lobbying Law”).

Pursuant to the Lobbying Law, all “contacts” (defined as oral, written or electronic communications with the NFWB intended to influence a procurement) during a procurement - from the earliest notice of intent to solicit bids/proposals through final award and approval - must be made with one or more designated Point(s) of Contact only. Exceptions to this rule include written questions during the bid/proposal process, communications with regard to protests, contract negotiations, and RFP conference participation. Nothing in the Lobbying Law inhibits any rights to make an appeal, protest, or complaint under existing administrative or judicial procedures.

Violations of the policy regarding permissible contacts must be reported to the appropriate NFWB officer and investigated accordingly. The first violation may result in a determination of non-responsibility and ineligibility for award to the violator and its subsidiaries, affiliates, and related entities. The penalty for a second violation within four (4) years is ineligibility for bidding/proposing on a procurement and/or ineligibility from being awarded any contract for a period of four (4) years. The NFWB will notify the New York State Office of General Services (“OGS”) of any determinations of non-responsibility or debarments due to violations of the Lobbying Law. Violations found to be “knowing and willful” must be reported to the NFWB Executive Director and OGS.

Moreover, the statutes require the NFWB to obtain certain affirmations and certifications from bidders and proposers. This Disclosure Statement contains the forms with which offerors are required to comply, together with additional information and instructions.

Instructions

New York State Finance Law §139-k(2) obligates the NFWB to obtain specific information regarding prior non-responsibility determinations. In accordance with New York State Finance Law §139-k, an offerer must be asked to disclose whether there has been a finding of non-responsibility made within the previous four (4) years by any governmental entity due to: (a) a violation of New York State Finance Law §139-j or (b) the intentional provision of false or incomplete information to a governmental entity.

As part of its responsibility determination, New York State Finance Law §139-k(3) mandates consideration of whether an offerer fails to timely disclose accurate or complete information regarding the above non-responsibility determination. In accordance with law, no procurement contract shall be awarded to any offerer that fails to timely disclose accurate or complete

information under this section, unless the factual elements of the limited waiver provision can be satisfied on the written record.

**EQUAL EMPLOYMENT OPPORTUNITY (“EEO”)
POLICY STATEMENT AND AGREEMENT**

RFP NO. 2021-02, SEPARATE OR COMBINED PROPOSALS FOR CONSULTING ENGINEER AND RATE CONSULTANT SERVICES

Proposer hereby agrees to the following EEO policy with respect to its work on any contract awarded in connection with this RFP:

- a) This organization will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability or marital status, will undertake or continue existing programs of affirmative action to ensure that minority group members are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on Niagara Falls Water Board (“Water Board”) contracts.
- b) This organization shall state in all solicitations or advertisements for employees that in the performance of the Water Board contract all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, disability or marital status.
- c) At the request of the Water Board, this organization shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of this organization’s obligations herein.
- d) This organization shall comply with the provisions of the Human Rights Law, all other State and Federal statutory and constitutional non-discrimination provisions. Proposer and subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, pregnancy or pregnancy-related conditions, gender identity, familial status, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.
- e) This organization will include the provisions of section (a) through (d) of this agreement in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Water Board contract.
